

## **Livelihood Program**

*An initiative to improve Health Status of Rural women and generate Livelihood avenues in Rural Areas)*

### **Azamgarh Report**

The proposed project “**Community Health Facilitator’s-Livelihood program** is aimed at the goal of ensuring sustainable Livelihood for the Community Health Facilitators through awareness of Health & Hygiene amongst people in rural areas, as well as ensuring them the access to Health Products at an affordable cost.

The project builds a Livelihood model in the operational areas of CASHPOR where Community Health Facilitators (CHF’s) are selected from the women’s group accessing Microfinance Services of Cashpor and are trained, skilled to deliver the knowledge amongst rural women. This helps them create an awareness and helps to understand the importance of Feminine Health & Hygiene. CHF’s will create demand of the Health & Hygiene Products through Health Education Sessions on various Health issues and alternatively they will generate the income through this by earning income by delivering Health Products & Services.
