THANKS TO

The COVID crisis and the lock down that followed is now in the unlock phase. However the number of cases has been increasing in Ahmednagar district. This has resulting in creating of new containment zones, and implementation of curfew in hot spots,

Ahmednagar district has transgender community spread in Ahmednagar tehsil, Shirdi, Kopergaon, Shrirampur etc. There are 150 transgender in the district. Begging or attending ceremonies to bless people as it brings good luck are the only means for them for earning money. Unfortunately all their sources of income have stopped presently placing them in a dangerous situation. Most of the transgender population has families who are dependant on them for their basic needs. Such families have no support left. They are also the victims of this unprecedented situation.

Snehalaya's Snehajyot project has continued to provide groceries to this community. The grocery kits cost Rs 1000/per kit which can last for 15 days for a family of 5.
