Milan Nagar relocation colony	26
Lallubhai comound relocation colony	500
TOTAL	1755

All the families above have at least one person in the family with a medical condition (non-covid) whose expenses have drained much of the family's resources during the lockdown. While some are slowly getting back to work, it will be a few months until their conditions stabilise. We would like to do a one time support hoping it will ease their burden until they are able to fully restart their lives.

Based on the family requirements, we will let the local leaders decide a kitty for each family upto a value of Rs 500, which will include essentials - Rice, Wheat, Lentils, Sugar and Oil. If supporting with rations, we would appreciate more of lentils, sugar and oil which are not supported through PDS either. You may also support a particular location or a group of locations based on # of families that can be supported.
